

Leverage a US Market Presence and Connect to the Americas

Reach 33 Countries and 1 Billion Consumers

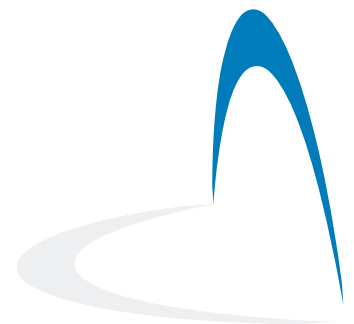

International Market Entry Services

Global Advantage[®] Market Connect

Global Advantage[®] Market Connect links our experienced trade professionals directly to your international business development team to maximize your return on international trade investments.

Through a collaborative strategic planning process, we assist your team to identify prime export markets, regulatory requirements, channels of distribution for your products and services. Our innovative sales partnership program is designed to help your business achieve market expansion success in months, not years!
